To whom it may concern

Dear Sir/Mdm

Testimonial for Liew Yan Han, Phoebe

I write this testimonial on behalf of Phoebe, with whom I enjoyed teaching as her final year project lecturer. I can confidently say that Phoebe is a motivated and dedicated student who consistently displays a strong work ethic and a commitment to excellence.

Throughout her time in the final year project, she has consistently shown a deep understanding of the subject matter and an ability to apply what she has learned in practical, real-world settings. She has a keen mind for problem-solving and is not afraid to take in constructive feedback to find creative solutions to complex challenges. As such, her group was shortlisted to partake in the Crowbar Challenge 2022.

In addition to her academic abilities, she is also an asset to any team she is a part of. She can effectively communicate and guide her team towards achieving their goals as a Class Rep. Throughout her four years in Singapore Polytechnic, she has participated in Touch Football competitions, helping in Open House and coordinating and facilitating Orientation and Bonding day as a sub-committee member. With her past voluntary work at The Foodbank and Willing Hearts, she has a passion for making a positive impact in the community and is always willing to lend a helping hand. Phoebe's positive attitude makes her a joy to work with and a value asset to any organisation.

I would not hesitate to recommend Phoebe for any academic or professional opportunity. She has a bright future ahead of her, and I am confident she will continue to make significant contributions to the media and communication field in the future.

Yours sincerely,

Jovan Peh
